

CALL FOR BOOK CHAPTERS AND VOLUME EDITORS

Advances in Biotechnology and Bioinformatics Book Series

Volume 1: Plant Biotechnology
Volume 2: Animal Biotechnology
Volume 3: Microbial Biotechnology
Volume 4: Environmental Biotechnology
Volume 5: Medical Biotechnology
Volume 6: Bionanotechnology
Volume 7: Agricultural Biotechnology
Volume 8: Industrial Biotechnology
Volume 9: Enzyme Biotechnology
Volume 10: Fungal Biotechnology
Volume 11: Crop Biotechnology
Volume 12: Genomics and Proteomics
Volume 13: Molecular Biotechnology
Volume 14: Modern Biotechnology
Volume 15: Pharmaceutical Biotechnology

Editor-in-Chief

Devarajan Thangadurai, PhD

Senior Editor

Jeyabalan Sangeetha, PhD

In preparation

Publication Date: March-April, 2015

Submission Deadline: 30 October, 2014

Publisher: Society for Applied Biotechnology in association with leading publishers in USA, Canada and Bulgaria

Dear Researcher/Author

Greetings!

This is to invite you to contribute book chapters/review articles to our forthcoming book series entitled "Advances in Biotechnology and Bioinformatics Book Series" to be published by the Society for Applied Biotechnology (www.sabt.org.in) in association with leading publishers in USA/Canada/Bulgaria.

The length of the book chapter should be 20-30 type written pages (A4) with figures and tables, if any. We would like to invite you to contribute chapters for the same. This invitation may be passed to any of your fellow colleagues for wider circulation among the scientific community. Those who are contributing more than three book chapters can join as one of the volume editors, in association with the editor-in-chief and senior editor, Devarajan Thangadurai (President, Society for Applied Biotechnology) and Jeyabalan Sangeetha (Secretary, Society for Applied Biotechnology).

Interested authors may kindly send the tentative title of the chapter(s) and author(s) details at the very earliest on or before 15 August 2014 to the SAB Scientific Editor, Ms. S. Fiza (fiza.sabt@gmail.com or fiza@sabt.org.in) so as to provide further details on manuscript preparation and final submission.

The deadline for final submission of book chapter is 30 October 2014 and the probable publication time of the book would be March-April, 2015.

You can also find our most recent publications in the following links:

Looking forward to hear from you!

With sincere regards and thanks,

Sincerely yours

Ms. S. Fiza

Scientific Editor, Society for Applied Biotechnology
